Re: Evopex System

Rich,

I want to thank you for the demonstration of your product line, The Sharkbite Evopex piping system.

The product demonstration met the requirements I have set forth for the use of pex products which do not utilize cold expansion fittings.

Accordingly, it is my pleasure to inform you that the Evopex System is approved for use in the City of Buffalo, without the need to increase one standard pipe size. Effective immediately.

Sincerely, Anthony Ando/ Chief Plumbing Inspector
