

SharkBite Universal brass fittings and SharkBite 2XL can now be used with HDPE SDR-9 ASTM D2737 pipe.

- Transition and hook-up from municipal water supply line from the meter to the house.
- Male, female connectors and couplings.
- A SharkBite tube liner is required for installation.
- SharkBite fitting must be wrapped with a self-fusing, formaldehyde and chloride-free, fully cured silicone tape with a minimum thickness of 0.020" when buried.

For additional information, contact your local representative or customer service at 1-877-700-4242.
